dents resent it, as well, judging by the bumper stickers. The redoing of the waterfront which was ugly and dirty, and the refurbishing of the mainline of the village is responsible for the change. The result is pleasing to the visitor who can admire the cobblestoned streets dappled with the shade of elms still stately, tall and healthy, the old homes gleaming with new paint and freshly polished brass and even silver nameplates. Main Street jostles with shoppers and walkers admiring streets lined with colonial homes that are really historic treasures and an architecture that is simply beautiful.

The waterfront is a far cry from what used to be. Gleaming row upon row of yachts line its marina wharves where a small park overlooks the activity in the harbor. Small shops in the marina area offer their wares to the visitor. Nantucket pulses in fast company in the summer months. It's a wonderful place to visit. Five tips though:

On the steamship authority ferry it's a long day. It's a 6 a.m. to 10 p.m. day from Mattapoisett to reach the ferry at Wood's Hole and return after the docking.

It's most important to realize that summer ends where the ocean starts. Bring a light weight winter jacket and make it the warmest one you own. There are lockers at the Steamboat Wharf to check things you don't want to carry around.

stain remembering that this is a state run boat. Molded plastic chairs replace the former comfortable canvas deck chairs and these are exposed to the elements which seems to be the only method of cleaning. At 7 a.m. all are damp with dew and dirty. Any food you buy on the voyage will be exorbitantly expensive and raw. If you are a gourmet fancier of cold raw hot dogs in a stale roll you'll love the cuisine. If not, bring a few sandwiches from a Nantucket deli. They'll be expensive also but fit to eat.

Don't take the tour bus. These buses are the ultimate gyp as any native Nantucket resident will tell you. They run at flank speed, never slowing, never stopping until they dump you back at the dock. Fortunately, almost all of interest is reachable on foot. If you like to see the outlying areas, there are bicycles and mopeds for hire or mini-buses run by native Nantucket people who love their island and will show it to you the way that you would like to see it.

Other than these 5 pitfalls there is no better way to spend a day and store memories for the long winter months. Most all of the sights are concentrated in the immediate center within easy walking distance of the boat pier. This walking period is about 6 hours so wear something very comfortable on your feet. Prepare to reach home very tired and very content. This is a voyage worth taking. The beauty of the island is a priceless mosaic for the memory bank and for the photographer it is a bonanza of opportunity.

WHARF PARKING CHANGED

Anthony Pelson of Barstow Street and Winfield Jenney of Church Street appeared to confer with Selectmen regarding wharf parking. Mr. Jenney was upset because of numerous tickets served on square dance patrons because they parked behind the dance area on the short east wharf. He said that many of these people were so angry that they don't intend to return to the Mattapoisett dances. He also said that the area involved is locked in by the dance so

is not accessible for public parking and he saw no harm at all if the square dance caller and dancers used the parking there.

Mr. Pelson said that he owns a boat jointly with a Rochester resident who was cited recently for parking on the wharf while using the boat. He asked what could be done to allow parking by non-resident boat owners and requested that signs and notices clearly inform non-residents of the regulations so that they could conform without being tagged.

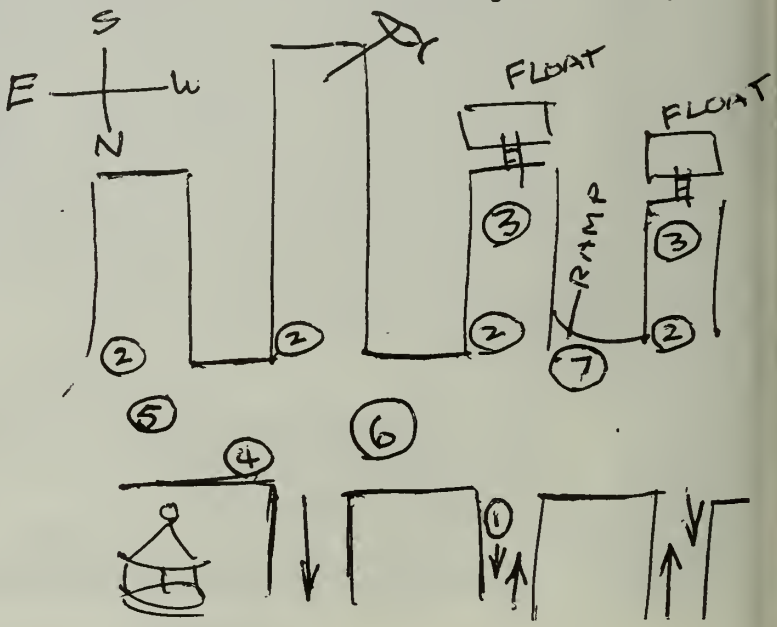
Moran and recommended the following: She said that the middle road that faces the ramp should be 2 way since it is the only way out for large craft taken from the ramp. She recommended 2 way for the west road also and one way out for the east road next to the park (unchanged). Parking would be as in the diagram below.



1. TWO WAY
2. PRIVILEGE PERMIT ONLY
3. NO PARKING - UNLOADING ZONE
4. PARKING AREA FOR VEHICLES WITH TRAILERS ONLY. FEE $3.00 Saturday, Sunday and Holidays for trailers without town permit. No parking after 5 P.M. Saturday. Cars will be towed at owners' expense.
5. SAME AS ABOVE
6. OPEN PARKING
7. NO VEHICLE PARKING ON RAMP.

Chief Moran said that the present parking system is virtually unenforceable as signs are not clear and the one way street has to be used to take boats out in the wrong direction. He recommended the new system.

The Selectmen also had a letter from Mr. and Mrs. Fred Holbrook of Rochester which requested a clarification of the rights of Rochester residents to park on the wharf. Selectmen will reply that Rochester residents enjoy the same courtesy as other visitors to Mattapoisett and no other. Rochester privilege stickers are not valid in Mattapoisett.

NED'S POINT ROAD REQUEST

Mr. and Mrs. Ed Waters of Ned's Point Road asked Selectmen to remove passing zones in the street stripes on Ned's Point Road. They said that passing on a road posted at 20 m.p.h. makes no sense. They also said that high speed passing is common. They asked that a stop sign be installed at the intersection of Ship Street and Ned's Point Road on Ship Street to slow down traffice entering Old Marion Road. Selectmen said that they will request a state traffic study and will request a radar check of Ned's Point Road. They will ask the state to paint out the passing zone on Ned's Point Road.

al-Technical Regional High School presented Selectmen with a detailed written statement of Old Colony's operation figures which compare and show the difference in the fiscal '82 and '83 budgets. The figures show a drop of $100,000 in Federal Grant money which accounts for the increase requested by Old Colony, even though state receipts are greater.

Mr. Oliveira's statement asked:

1. Why didn't Old Colony fund at level assessment?

A. The District School Committee has submitted assessments totaling the same as 1981-82. Namely $1,269,385. Individual town assessments vary due to the apportioning formula set forth in the District Agreement. The terms of the District Agreement apportion the operating assessment and 90% of the capital assessment on the number of students enrolled at Old Colony. 10% of the Capital Budget is based on statistical census.

2. If Old Colony received $140,000 extra over last year why does Mattapoisett have an increase of $7,000 ± ?

A. We must remember that estimated receipts are but a portion of the funds used to finance Old Colony's Budget. Funds applied are derived from three sources: Federal Aid, State Aid, Old Colony Contributions. A comparison of these sources of funds for the fiscal year 1982-83 reveals:

	81-82	82-83
Federal Grant	$ 100,000	$ -0-
State Aid	1,227,107	1,358,767
Old Colony	130,000	132,425
Total	$1,457,107	$1,491,192

Increase in receipts: $34,085.

As you can see, the total increase in estimated receipts is only $34,085 due to the absence of 100,000 Federal Grant funds that were available in 1981-82.

3. Why can't Mattapoisett have level funding i.e. Same assessment as 1981-82?

A. That is a decision to be made by the committee. Such a reduction would necessi-

tate reducing budget by $58,750. Mattapoisett's 12.08% share means for every dollar reduction in Mattapoisett Assessments total assessment must be reduced $8.28.

Selectmen found what appears to be a 642 pupil error in the 1981 enrollment of Mattapoisett pupils. The 1980 enrollment was 1278, the 1981 enrollment is listed at 1910. According to the town report the figure is 1268 or a decrease of 10. These figures are the basis for payments of school costs and will be checked.

(This is all Mattapoisett Elementary students enrolled in Mattapoisett schools, the basis of projecting Old Colony's student enrollment from the town.)

Mr. Oliveira was given the 1910 pupil figure by the Old Rochester Superintendent's Office.

The Selectmen thanked Mr. Oliveira for his most complete presentation which was very well prepared and explained clearly the complex breakdown of assessments, income and expenses of Old Colony.

SHELLFISH LICENSE CLARIFICATION

Selectman Frank Suzan asked the Board of Selectmen to go on record to the effect that when the Selectmen revoke a shellfish permit that revocation remains in force until such time as the Selectmen renew the license. It was so endorsed.

WEDDING AT PARK

Selectmen approved a request from Susan Fetela for permission to use the bandstand for her wedding October 17th at 1:00 p.m.

POLE RELOCATION

Selectmen approved a request from Police Chief James Moran to have a pole located on Acushnet Road be relocated two feet back. Presently the pole is out of line with the others on the road and drivers must pull out to avoid it.

SHELLFISH PERMIT

Selectmen granted permission to grant a shellfish permit to Mrs. Bonnar who rents the Robert W. Buck cottage the month of August.

On August 12 Mattapoisett Recreation will be having a cookie contest open to any child aged 6-12. It will be held at the Center School playground at 11 a.m. with judging to take place at 12:30 p.m.

Any youngster interested should sign up at the playground during the week between the hours of 9 a.m. to 2 p.m. The last day for registration and a list of rules is August 9.

Mattapoisett Recreation recently held an egg-toss contest. Thirty children aged 6-12 participated in the "egg-citing" game. Children were in teams of two and the object was to toss the egg to each other without breaking it.

Winners were: Eddie Gomes and Guy Rezendes, first; Jocelyn Price and Melissa Sequeira, second; Bryan Kenney and Jennifer Ferreira, third.

The contest was organized by the arts and crafts coordinator, Beth Lawton.

STRANGE CATCH

Wharf frequenters had their fun when Ken Pacheco's boat came into view with this catch. "What did you use for bait?" they hooted. Ken and fishing buddies were one mile off shore between Crescent Beach and Antassawamock when they spotted what first appeared to be a shark fin and turned to investigate. A closer look revealed the antlers of a buck swimming straight out towards the islands. As the boat pulled

closer the buck began to struggle and sink. The fishing crew grabbed the antlers and attempted to pull the animal aboard but were met with a big problem because of the weight. By the time they had secured the deer with line it had died. Local deer fanciers say this animal who appeared in its prime was an old toothless deer. It is said that old deer (like old elephants who know when to seek the elephants' graveyard) know when to take a last long swim. The deer was buried when state authorities declined interest because of possible disease.

This is the second weird fish story in as many weeks. On Hobie Cat Sunday, James Bradshaw spotted a big bass flip in the air after being hit by the pontoon of a racing cat. Jim gave chase in his power boat and grabbed for the big fish which had a damaged tail caused by the impact. The slippery fish jumped loose. With his whole family as bird dogs, Jim chased the bass as the bare handed fisherman repeatedly grabbed for its tail. Finally, a wrapped towel foiled the slippery bass and the hand catch topped the menu at the Bradshaw's. "It was the biggest bass I have ever caught", said Jim.

Regatta, Aug. 6-8

BEVERLY YACHT CLUB TO
HOST BUZZARDS BAY REGATTA

Friday, August 6, is the first day of the 10th annual Buzzards Bay Regatta. Its commencement is marked by the 9:00 a.m. gun sounding the harbor start for the one-design classes. The regatta will run through Sunday, August 8. The warning gun for the handicapped classes will be fired by the committee boat anchored in the vicinity of Centerboard Shoals at 11 a.m.

The Buzzards Bay Regatta is organized by six of the yacht clubs on the Bay: Beverly, New Bedford, Low Tide, Mattapoisett, Wild Harbor and Buzzards. However, the regatta is open to members of any recognized yacht club. This year the races are run from the Beverly Yacht Club in Marion and next year it will be the turn of the New Bedford Yacht Club.

CLASSIC YACHTS

The two new additions to the BBR's classes range from the very large to very small. They are Classic yachts and windsurfers. The windsurfers will race all three days, the Classics will race on Saturday only. Among the Classic yachts already registered are: Don Glassie's Fortune, a 1926 fifty foot schooner, designed by Cornelius Shields; Ed Tarbell's Kestrel, a 1928 forty-four foot sloop, Herreshoff-designed; Toby Baker's Torch, a 1930 forty-three foot Herreshoff-designed sloop; Stephen L. O'Connor's Volya, a 1936 thirty-six foot Alden-designed yawl; John Lockwood's Dolphin, a 1914 thirty-five and a half foot wooden Herreshoff sloop; and the smallest of the Classics registered so far, Ed Pratt's Maribee, a 1914 twenty-five and half foot gaff-rigged Herreshoff sloop.

ONE-DESIGN CLASSES

The one-design classes will race in six different widely-spaced circles, each circle designated by a different color: the red circle, southwest of Bow Bells, will have two

divisions of the J-24s and the Shields; the yellow, southeast, outside Bird Island, will start Bullseyes, Herreshoff 12s and Beetle Cats; the green, in the outer Sippican Harbor between Ram and Bird Island, will hold Sunfish and Widgeons; the orange, in Aucoot Cove will be for two Laser divisions; the blue, also outside Bird Island to the southeast, will race 505s and Flying Scots, Junior and Senior; the white, northwest of Bird Island, will have two divisions of windsurfers.

SPECIAL EVENTS

In addition to being scored in the Buzzards Bay Regatta, several classes are using these races, with the permission of the BBR Committee, for their own special events. For the J-24s the BBR races will be the Eastern qualifiers for their world championship. It is possible that up to seventy boats may participate. The Saturday and Sunday races of the Junior Flying Scots will constitute their North American Junior Championship. And for the Widgeons, the Saturday and Sunday races will be the races for the Widgeon S.M.Y.R.A. championship (Southeastern Massachusetts Yacht Racing Association). The Concordias on Sunday will race for the Howland trophy.

Over 1,000 people and 300 yachts are expected to participate in the annual Buzzards Bay Regatta. Two hundred volunteers are making final preparations and will serve to

CENTRAL PHARMACY TO REPRESENT STATE AT NATIONALS

The Central Pharmacy Girls' Softball Team clinched the Massachusetts State Championship for girls under 18 in Attleboro on July 17 and 18 for a third time in four years. The win entitles the champions to represent the state at the National Softball Tournament in Tifton, Georgia on August 19-22.

The victory at the states did not come easy for this young team as Central had to come from the loser's bracket to clinch the title. Judy Belli, the manager of the team, credits the come-from-behind wins on the good attitudes of the girls and their ability never to quit. The first game of the tournament saw Central pitted against tournament favorite Haverhill. The girls from New Bedford recorded their first victory with a score of 6-4 including 13 hits. Central then lost their second game against host team Attleboro in an extra inning contest 5-4.

On Sunday, Central playing from the losers bracket and in 100 degree plus heat came back to shut out and eliminate Easthampton 4-0 on errorless ball behind ace pitcher Debbie Bento. The second game on Sunday placed Central once more against the undefeated Attleboro Southies. This time New Bedford turned the tournament around with an outstanding triple play started by outfielder Becky Martin, and defeated the Southies 5-4 in an exciting match.

The third and championship match saw Central capture its third title by routing the Southies 11-3. Debbie Bento pitched all of Central's games in the tournament and was applauded by her teammates after the championship.

The team, which plays in the New Bedford

CENTRAL PHARMACY PLAYERS TONI SYLVIA OF MATTAPOISETT AND JEANNE BROWN OF MARION. PHOTO BY WIN JENNEY

Girls' Softball League, is comprised of all rookies with the exception of Pitcher Bento and Third Baseman Cheryl Whitmer, with regard to National Championship Play. Karen Tondreau is at first base, Chris Mendes is at second, Debbie Westgate is the team's shortstop, Co-Capt. Whitmer plays third, Jeanne Brown is in left field, Diana Dufresne in left center, Becky Martin, Co-Capt., in right center; and Toni Sylvia is in right, with Rachelle Lemieux doing the catching. Carol Arruda, Kelly Buddenhagen, Justine Costa, Jodi Degges, and Lisa Crumley round out the squad. Manager Belli is assisted by Coaches Donna Vanasse and Paul Pelletier.

Central's coaches' philosophy is that everyone must be willing to be versatile, work hard and learn the basics. Good attitudes have played a tremendous role on this team's success.

er is the hurling sensation, Rosie Black, with the hottest arm around.

Strike-outs are nothing new to Rosie. She has recorded more than 38,891 of them during her 17 year career. Featuring a repertoire of 16 different pitches that leave batters shaking their heads in disbelief, this superstar athlete has been baffling opponents all over the world for years. Rose is the headliner of "The Queen and Her Court", a four member softball team whose entertainment and consummate skill have dazzled millions of fans who have heard the legend and come to see if Rosie is indeed the "Queen" of the softball diamond. The team

is composed of only four players instead of the usual nine - with a pitcher like Rosie, who needs fielders? Over the years, she has compiled some impressive statistics: 252 perfect games, 763 shut-outs, and 568 no hitters.

On meeting Rosie off the softball diamond, it's almost impossible to believe the radiantly smiling, fun-loving, blue-eyed blonde is softball's pitcher extraordinary who chal-

lenges all-comers. But Rosie and her legendary pitching arm is feared and respected by some of the world's most formidable athletes, many of whom struck out while she was pitching blindfolded. Players like Willie Mays and Johnny Bench have learned from experience that when she's on the pitcher's mound, Rosie is all business. The other team is usually saying things like, "Gee, wouldn't it be great just to get a foul ball off her?"

The local fans will have the opportunity to witness this unique performance as "The Queen and Her Court" match talents with Nest II All-Stars this Friday, August 6th, at Wareham High School Field at 6:30 p.m.

Proceeds will benefit the athletic departments at Wareham and Old Rochester Regional High Schools. For advance tickets call either Wareham High School Athletic Director Joe Caferella or Old Rochester Athletic Director Len Roberts.

Heritage Plantation

NEW BLACK EAGLE JAZZ BAND
RETURNS TO HERITAGE

The New Black Eagle Jazz Band is back by popular demand for its eleventh season at Heritage Plantation of Sandwich. The band will perform on Saturday, August 7, at 7:30 p.m. with a rain date of August 8th.

The Eagles are led by Tony Pringle from England. If pressed Pringle will tell you they model themselves on the great New Orleans black bands of the 1920's. But partly at least they result from a New England heritage.

The Black Eagles have been spreading contagious joy through club, concert and festival audiences, and radio and TV performances since 1971. They have produced six outstanding records and as the Eagles' reputation has spread, so has the clamor of jazz fans for their musical services. Their aerie is The Sticky Wicket Pub in Hopkinton, where they have been playing weekly for eleven years.

The band's performance at Heritage is made possible by a partial grant from the Massachusetts Council on the Arts and Humanities, a state agency whose funds are recommended by the Governor and appropriated by the State Legislature and the New England Foundation for the Arts.

Membership and admission tickets for the day will be honored for the military performance and will include admission to all of the museum buildings, exhibitions and grounds.

Heritage Plantation is three miles from the Cape Cod Sagamore Bridge and is less than one mile from the Old Town Hall in Sandwich up Grove Street off Route 130.

CHILDREN'S MUSEUM

Three special fund-raising activities are planned for August which are directed toward the purchase of the Twin Silo's building and 4 1/2 acres on Gulf Road. All three will be held at the Gulf Road building which is being prepared for the events through the efforts of volunteer help.

LUCKY NUMBER DANCE

On Friday, August 13th, there will be a gala Lucky Number Dance featuring Ralph Stewart and his entire Orchestra. The Cabaret style evening will include dancing, refreshments and prizes, and will be preceded by a large number of dinner parties hosted by local residents.

GIANT AUCTION

On the Following Saturday, August 21st, at 10 o'clock a.m. a giant Auction will take place in the Twin Silo's building. Hundreds of potential contributors have been contacted and the Committee expects that the additional support and enthusiasm of the townspeople will make the Auction the biggest to be held in Dartmouth in many years. Inspection time is at 9 a.m., and refreshments will be available throughout the day. Mrs. Cora Russell will act as Auctioneer for the sale, which will include antiques and new, used and collectible articles.

Tobey Hospital

TOBEY HOSPITAL ADDS FULL-TIME PATHOLOGIST TO MEDICAL STAFF

Mr. Warren Bishop, administrator, announced the appointment of David Peselman, M.D. to the medical staff. Dr. Peselman will become the first full-time pathologist in the history of the hospital. An entire new department has been incorporated on the lower level with the latest equipment available being purchased to deliver this most essential service to the doctors and their patients.

The addition of Dr. Peselman means that a pathologist will always be on-site to confer with members of the medical staff and hold consultations in difficult cases of diagnosis as the need arises. It also means that during surgery, the surgeon may call

for an unexpected frozen section were he to deem it necessary. Faster reports will also be an addition to this department, thereby enabling the attending physician to make his diagnosis based on a complete pathological report performed in-house.

Prior to this new addition to the services available at Tobey Hospital, contractual arrangement was in effect with St. Luke's Hospital, New Bedford, whereby a group of pathologists covered the requirements of Tobey Hospital, visited the hospital daily, and were available by phone for the remainder of the time.

Dr. Peselman will assume directorship of the laboratory, both anatomical and clinical. He will have as his assistant in histopathology Mr. Richard Provencal, a degreed technologist, who will prepare all specimens for microscopic interpretation by Dr. Peselman. There also will be another addition to this department as a part-time cytologist will be hired to process PAP smears and other cytological specimens for interpretation and diagnosis.

The Board of Trustees, Administration and the Medical Staff are elated that the hospital was able to add this most important adjunct of the best possible medical care that a patient and family could expect at Tobey Hospital.

Dr. Peselman has been held in high esteem by his peers and is considered a pathologist of the highest professional quality. He re-

Coast Guard Day

For nearly two centuries, the Coast Guard has been serving the United States in a variety of missions. Although best known for saving lives, the service also maintains roles in law enforcement, pollution control, aids to navigation and much more.

The Coast Guard's New England roots can be traced back to the first Revenue Marine Cutter, Massachusetts, built in 1791, in Newburyport, Massachusetts.

On August 4, 1982, the Coast Guard will celebrate its 192nd birthday. For information on planned local events, contact your nearest Coast Guard unit.

The Lloyd Center

ENVIRONMENTAL PHOTOGRAPHY EXHIBIT

The Lloyd Center for Environmental Studies announces a special exhibit featuring environmental photography of local artists. The exhibit begins on Saturday, August 7, and continues Monday through Saturday until Friday, August 20. Viewing hours are from 11:00 a.m. to 6:00 p.m. each day. The artists featured in this show are Tim Sylvia, Tally Garfield, Jane Nonn Goldstein, and Sarah Spongberg. The exhibit will be held at the Lloyd Center, 430 Potomska Road in South Dartmouth.

This exhibit is the first in a series of environmental art shows which the Lloyd Center will offer. The setting for the exhibit is one of the most beautiful in the region of Southeastern Massachusetts, with a location on the Slocum River overlooking Buzzards Bay. The photographs in the exhibit will be

there are specimens and instruments used in oceanographic research on display. A 10-minute color videotape provides an introduction to the Institution. Children are invited to draw pictures of the submersible ALVIN or other seascapes.

The Exhibit Center has been located in Endeavour House for several years. Originally a Methodist Church, Endeavor House was built in 1879 on Water Street in Woods Hole and moved to its present location in 1949. In 1970, the congregation merged with the Falmouth John Wesley Methodist Church, and the following year the building was bought by the Woods Hole Oceanographic Institution. It was renamed Endeavour House in honor of the British Navy ship that Captain James Cook sailed to the South Seas in 1768 to make astronomical observations during one of the first oceanographic research cruises. Endeavour House is used during the remainder of the year for Institution and community activities.

Commuter Van Service

A new commuter service is now available for routes into Boston. CARAVAN, a private, non-profit vanpool corporation, is pleased to announce immediate plans for a Wareham commuter vanpool serving the downtown Boston area. The van will depart from Wareham at 6:30 a.m., arriving in Boston at 7:45 a.m. The van will leave Boston for the return trip at 5:00 p.m. and arrive in Wareham at 6:10 p.m. The monthly fare is based on a full van of 15 passengers.

Residents of Wareham, as well as Rochester, Marion, Mattapoisett, Buzzards Bay and Onset are certainly potential riders for this van. To sign up for this vanpool, contact Bob Marion, Driver/Coordinator, at 295-9263, after 6 p.m.; or contact Jean Amato, Marketing Specialist at Caravan, 742-2655 in Boston.

ARTIST OF THE WEEK

Michael Keane of Dartmouth Circle in Pembroke will be the featured Artist of the Week at the Onset Bay Art Gallery from August 7 tthrough 13. He began painting at the age of eight, and studied with Edward Harrigan for many years, and with Marshall Joyce and Element Micorelli. He studied visual design at Southeastern Massachusetts University, and has been an instructor for the Braintree Art Association, Rockland Evening Division, and the Copley Society of Boston. Currently, he teaches landscape painting at the Ellis House Art Center in Scituate.

Keane's work has been eliciting favorable responses with local natives. His oil paintings have won first prize at art festivals in Hingham, Hanover, Rockland, Scituate, Plymouth and on Cape Cod.

The Onset Bay Art Gallery is located at the foot of the Point Independence Bridge and is open, free of charge, daily from 2 to 4 p.m. and 7 to 9:30 p.m. through Labor Day.

Children's Walking Tours

Walking tours designed especially for children will be available this summer in the Plymouth area.

Plymouth teacher Diane Finn is guiding groups of youngsters through "Our Historic Town" in Plymouth. In two hours Ms. Finn will give the historic significance of Mayflower II, Plymouth Rock, Cole's Hill, sites along Leyden Street and Burial Hill.

The tours are offered every Wednesday through Sunday during July and August from 2 to 4 p.m. Groups meet at Mayflower II and the charge includes admission to the ship.

The Manomet Bird Observatory has a children's tour along Town Beach.

Every Thursday in August Janice Albright, MBO's director of education, will help children explore coastal plants and animals that inhabit the outer beach and nearby salt marsh. Fun activities will be planned for the youngsters as well.

The MBO tour meets at Bert's parking lot and runs from 3:30 to 5 p.m. For reservations call MBO at 224-6521.

Parents are welcome on these tours and children under age seven must be accompanied by an adult.

Two other tours are offered along the Cape Cod Canal.

The "Early History of the Cape Cod Canal" is discussed on a free tour of Bournedale Hills Trail every Sunday from 2 to 3:30 p.m. This tour leaves from the Cape Cod Canal Visitors' Center on Highway 6.

"Exploring Sagamore Hill" is offered every Friday morning from 10 a.m. to noon. This tour includes a World War II gun battery and a meeting with a role-playing World War II soldier, as well as a tour of a wild cranberry bog. The tour, also free, meets at the entrance station at the Scusset Beach State Park. For information on the Canal tours, call the Ranger Office at 759-4431.

Cancer Prevention Study II

The American Cancer Society will conduct Cancer Prevention Study II in the Greater New Bedford area starting September 1, it was announced. This is part of a national survey.

The study will try to determine how life-style and environmental factors influence cancer and other diseases.

Nationwide, more than one million American men and women will be surveyed. In Greater New Bedford, at least 1150 will take part.

"With information provided by people in New Bedford and surrounding communities and all over the country, we hope to identify factors that increase a person's chance of getting cancer, those that carry little or no risk, and those that actually help prevent cancer," said Dennis Cabral, President of the Greater New Bedford Unit of the American Cancer Society.

"We'll then be able to help people follow lifestyles that minimize their cancer risk."

The first Cancer Prevention Study, conducted from 1959 to 1972 by American Cancer Society volunteers, identified many factors related to the development of cancer and other diseases.

The link between cigarette smoking and lung cancer and heart disease was an important outcome of the first study, and helped to initiate the public health campaign against smoking. The study also revealed the relationship of obesity to certain cancers, the profile of women at high risk for cervical cancer, and the role of exercise in preventing heart attacks and strokes.

"This new study will be even more timely and more inclusive than the first," Cabral said. "It'll respond directly to everyone's concerns about the environment."

"We hope to show what is carcinogenic and what isn't," he said.

Since the first Cancer Prevention Study, Cabral said changes have taken place in the way Americans live, the food they eat, and the products they use.

"We're anxious to see how these changes have affected our health risks," Cabral said.

Study participants will complete a confidential questionnaire about their working, living and eating habits. The four-page questionnaire covers topics like low-tar, low-nicotine cigarettes, birth control pills, coffee, hair dyes and saccharin. The survey will also analyze air and water pollution, occupational exposures, and low-level radiation.

In Greater New Bedford, 80 volunteers will be needed to help conduct the survey. Each volunteer will be responsible to enroll 10 families in the study. Doreen Sylvia, R.N., St. Luke's Hospital, New Bedford is coordinating the study locally. A training session for volunteer researchers was held July 14 and another will be held August 17.
